Call for Nominations  
Editor-In-Chief  
ACM Transactions on Applied Perception

The term of the current Editor-in-Chief (EiC) of the ACM Transactions on Applied Perception (TAP) is coming to an end, and the ACM Publications Board has set up a nominating committee to assist the Board in selecting the next EiC. ACM TAP aims to broaden the synergy between computer science and psychology/perception by publishing top quality papers that help to unify research in these fields. The journal publishes inter-disciplinary research of significant and lasting value in all subfields of Computer Science and Experimental Psychology. All papers must incorporate both perceptual (e.g., visual, auditory, haptic, sensorimotor, multisensory) and computer science (e.g. computer graphics and vision, displays, human computer interfaces, haptic rendering, tracking etc.) components.

Nominations, including self-nominations, are invited for a three-year term as TAP EiC, beginning in May/June 2021. The EiC appointment may be renewed at most one time. This is an entirely voluntary position, but ACM will provide appropriate administrative support.

Appointed by the ACM Publications Board, EiCs of ACM journals are delegated full responsibility for the editorial management of the journal consistent with the journal's charter and general ACM policies. The Board relies on EiCs to ensure that the content of the journal is of high quality and that the editorial review process is both timely and fair. He/she has final say on acceptance of papers, size of the Editorial Board, and appointment of Associate Editors. The EiC is expected to adhere to the commitments expressed in the policy on Rights and Responsibilities in ACM Publishing. For more information about the role of the EiC, see ACM's Evaluation Criteria for Editors-in-Chief.

Nominations should include a curriculum vitae along with a brief statement of why the nominee should be considered. Self-nominations are encouraged and should include a statement of the candidate's vision for the future development of TAP. The deadline for submitting nominations is March 15th, 2021, although nominations will continue to be accepted until the position is filled.

Please send all nominations to the nominating committee chair, Carol O’Sullivan (Carol.O'Sullivan@scss.tcd.ie), with subject line: “EiC Nomination for ACM TAP” and make sure that you receive a confirmation.

The search committee members are:
- Carol O'Sullivan, Trinity College Dublin, Chair
- Holly Rushmeier, Yale University
- Eakta Jain, University of Florida
- Astrid Kappers, Eindhoven University of Technology
- Josh Tenenberg, University of Washington Tacoma, A&S Committee Liaison
